

## Support Juno's work by making a donation

Juno is a support and advocacy organisation working across Naarm (Melbourne). We provide gender-informed services that empower women (trans and cis) and non-binary people across the homelessness and family violence systems. Formerly known as WISHIN, we have a long history of partnering with women to help them make lasting change in their lives.

### Be part of the movement for real change so that we can:

- Continue providing tailored responses to women and non-binary people and their children
- Help women and non-binary people move into safe, permanent and affordable housing
- Support individuals experiencing early signs of being at risk of homelessness
- Deliver innovative programs that move people out of poverty and homelessness for good
- Support women and non-binary people working on long-term goals for economic independence
- Offer activities that promote wellbeing and recovery from trauma
- Advocate for a redesign of the current homelessness system to meet the unique needs of women and non-binary people

### Our Mission

Juno's mission is to partner with women (trans and cis) and non-binary people to support their safety, increase their independence and enable them to thrive.

### What we do

With over 20 years' of experience providing case management, we support a diverse range of women and non-binary people who are experiencing homelessness primarily due to family violence and a lack of affordable and suitable housing in Victoria. We provide homelessness and specialist family violence case management support, as well as working with individuals experiencing early signs of being at risk of homelessness and women and non-binary people working on long-term goals for economic independence.

### Support us

Juno is a not-for-profit organisation and an Australian registered charity. You can support women and non-binary people and their children experiencing homelessness and family violence by donating via our website or contacting us directly.

**Thank you for standing with us to improve the lives of women and non-binary people and their children facing homelessness, violence, discrimination and economic disadvantage.**

Empowered to create the life you choose
